Regular Dues:

Applies to all individuals who are full or associate members and do not qualify for a reduction in dues as described below.

Emeritus Dues, (half the regular dues):

Are available to any member in either of these categories: (1) is retired and at least 65 years old, and has paid dues for the immediate preceding ten years, or (2) is retired and has paid dues for the preceding thirty years. This reduced dues option cannot be used in conjunction with another reduced dues option.

Transitional Dues, (half the regular dues):

Any member or initiate who has completed their degree within the last five years may request to pay dues at the transitional rate (one-half of regular member dues). This is limited to non-students for a period up to five years after graduation. Following the five year period the member is automatically advanced to the regular member rate. Transitional dues are renewable, but must be certified annually.

Student Dues:

Are available to any full-time, degree-seeking student at an institution of higher learning. Student dues are renewable, but must be certified annually. Post-docs do not qualify for the student rate. Please see transitional dues above. Payment for the current year only will be accepted. Renewals will not be processed for additional years. This reduced dues option cannot be used in conjunction with another reduced dues option.
